Construction Staking

Permitting Assistance

Agency Coordination

Project Duration

2007-Ongoing

Project Cost

\$80,000 in Design Fees

Manhard Consulting, Ltd. worked with the Village of Wonder Lake to design and prepare plans for the Wonder Lake Municipal Center. The Wonder Lake Municipal Center is located on 9.1 acres at the intersection of Thompson and Wonder Lake Roads in Wonder Lake, Illinois. The site plan incorporates a 4,400 square foot police station, a 49 space parking lot, detention basin, lift station, preserved woodlands and preserved wetlands.

Services provided for this project include site grading, stormwater management, water distribution design, and sanitary sewer collection and lift station, parking lot improvements, landscape design and permit assistance. Manhard Consulting, Ltd. continues to provide excellent service throughout construction by providing construction staking and layout.
