Project Completion

2006

This 10-acre Little League baseball field complex was constructed in response to the needs of the growing St. John area, including the neighboring Silver Leaf Subdivision consisting of 276 single family homes on 100-acres of land. The project scope for this site

included the design of site improvements including:

- Ballfields
- Parking Lot
- Underground Utility Infrastructure
- Stormwater Detention

The stormwater detention volume required for this site was provided for in basins located within the Silver Leaf Subdivision.

Design and construction costs exceeded \$1 million.
